THE WEEKLY DIGEST

INDEX TO VOLUME 46

JULY THROUGH DECEMBER 1963

As you know, items in QUOTE, arranged alphabetically according to subject matter, are regularly assigned an index number. In our semi-annual index, the first numeral in each reference indicates the issue of QUOTE, the second numeral refers to the location of the item within that particular issue, according to its index number. Thus, in the first column of this index, "Ability—20-1;" tells you that an item on Ability will be found in the twentieth issue of QUOTE under number 1.

One or more letters following an issue number, refers to material in regular departments. For example: "Voters, Voting—16-GB;" indicates that an item on Voters, Voting appears in *Gem Box* in issue number 16. The reference to "Business, Language—25-NI;" means that an item on that subject appears in *New Ideas* in issue 25. The reference to "Sports, Golf—2-d;" means that an item on that subject will be found in the regular *Good Stories* section of issue 2 under index letter d.

Quotations in the section *May We QUOTE You On That?* are also numbered consecutively. In the index, a reference such as "Cuba—14-6Q;" refers to a quotation on that subject in the fourteenth issue, numbered six in the *May We QUOTE . . .* section. When the letter t follows the Q as in the reference "Juvenile Delinquency—20-2Q-t;" it indicates the special *Quote-ette* feature in issue 20. A complete list of department abbreviations appears below:
